

Why Your Help is Needed

Every winter the biggest expense for many families is heat and power. These days electricity, oil, natural gas, propane, and wood costs are skyrocketing. For those who already face financial challenges, this is a huge burden.

As you walk about the Monte Vista Hotel and many of the shops and businesses in Black Mountain, you will find beautiful Christmas trees decorated by members of our community. Each tree has a collection box next to it. Why? To give you the opportunity to help!

EVERY cent donated during this event goes to Swannanoa Valley Christian Ministry to help our neighbors in this community keep the power on and stay warm. No gift is too small. Please give from the heart.

Your Help is also Your Vote

By donating to a tree, you are also voting for your favorite tree. You do so with cash or by check. Simply place your donation in the box beside the tree. If you want to vote for multiple trees with one check, simply indicate this on the "For" line of your check.

You may vote online by going to:
svcmblackmountain.org/deckthetrees

You may vote via your cell phone by scanning the **QR code** located at each tree.
